Have you ever served in the military or are you the spouse of a veteran?

Federal law entitles veterans and eligible spouses priority access to WorkSource services. This includes priority referrals to jobs that are listed with WorkSource, as well as other employment and training programs.

Also, if you were discharged after 9/11/01, you can sign up for intensive one-on-one employment support through the federal Gold Card program to help with your job hunt.

If you are a veteran or the spouse of a veteran, then we’d like to say — “Thank you for serving our country!”

WorkSource helps thousands of veterans every year take the next step in their career. On any given day, WorkSource has over 100,000 job listings.

Most WorkSource offices have veteran employment specialists who help military veterans, transitioning service members and eligible spouses with significant employment barriers. They’ll assess your skills and interests and put together an employment plan that’s right for you.

These specialists are veterans too. They understand your situation and they’re in close touch with veterans’ organizations and resources that can help you.
